Mango Manicure

A delicious fragrant treatment inspired by the fruit of the tropics. The Mango Manicure utilizes Mango derived enzymes along with fruit acids designed to gently remove keratinized dead skin cells. The enzyme removes the top layers of skin leaving a younger smoother skin with uniform pigmentation. The skin is then enveloped in a rich butter cream that contains Shea Butter, Vitamins A, C, D and E for softer silkier, smoother skin.

PROCEDURE: 1.5 hours

Items needed for treatment: Mango Mineral Bath, Mango Scrub, Mango Moisture Mask, Mango Butter Cream.

Step 1: Prepare a nail bath using 1-2 tsp. of Mango Mineral Bath.

Step 2: Remove Polish, clip nails, apply cuticle softener. Soak fingers for 5-7 minutes.

Step 3: Begin the exfoliating process. Moisten area and apply Mango Scrub and massage hands moving up the arm towards the Heart. Re-apply as many times as necessary to remove dead skin cells.

Step 4: Remove first hand from bath, dry, wrap and repeat on the second hand.

Step 5: Manicure cuticles.

Step 6: Massage hands and arms for 7-10 min each with Mango Butter Cream.

Step 7: Begin masking process. Apply 1 heaping tsp. of Mango Moisture Mask with a mask brush to each hand, Wrap hands in a warm wet towel or plastic bag, and leave for 5-7 min.

Step 8: Remove the Mask with the towel the hands are wrapped in or remove as much as possible with plastic bag and rinse with warm water.

Step 9: Clean nails, and polish.

Recommended Home Care: Mango Butter Cream, Mango Scrub, Mango Shower Gel.
